If you'd like to submit a recipe, please call

Kristy @ 780-338-3801

From the Village Office

It's been another busy month for the Village. We are very excited about the new Tax Incentives council approved in order to attract more business to the Village, a key component of being viable. Council also passed a new policy to encourage the existing business owners to improve their storefronts. They can receive up to \$2500 cashback on upgrades or choose to have up to \$2500 credit placed on their municipal taxes. Please feel free to contact the Village office or connect with us through Facebook, we would love to hear what you have to say. - Matthew Norburn, CAO

Municipal Identification Cards

GENERAL:

The Long Lake Regional Waste Management Services Commission is pleased to announce that the Municipal District of Peace No. 135 will become a member as of July 1, 2022.

The residents of MD of Peace will be using the existing transfer stations available through the commission and the regional landfill.

In order to facilitate identifying users at the regional landfill and each transfer station, identification cards will be provided to each residence in each municipality.

These cards will be delivered to you by your municipality. As of July 1, 2022, anyone attending the regional landfill or transfer stations will be required to show their card upon entering. This is so accurate statistics can be collected and municipalities allocated their proportionate share of operating costs.

IN WITH CARDS:

This card has been issued to your residence for use at the regional landfill and transfer stations under the Long Lake Regional Waste Management Services Commission.

The transfer stations are as follows: Hawk Hills, Manning/North Star, Sunny Valley, Deadwood, Dixonville, Weberville, Warrensville, and Grimshaw. You are allowed to use any transfer station and the Long Lake Regional Landfill with this card. Any current number you have is invalid.

As of July 1, 2022 you will be required to show your card upon entering the transfer station or regional landfill so that municipalities may be allocated their proportionate share of operating costs.

Your cards will be inside your May utility bill.

If you did not receive one, please call the office at 780-338-3922
